

## A Note from Bend Veterinary Clinic – Oregon Pet Expo 2009

The second annual Oregon Pet Expo held at the Deschutes County Fairgrounds, Saturday, October 17, 2009, was a huge hit! From all the different vendors, to the support of the community, to dogs with Doggles, cats of all sizes and ages looking for forever homes, rats, red tailed boas and bearded dragons there was quite a crowd. At our booth we had some give away goodies thanks to [Earth H2o™](#), without them we all would have been dehydrated.

In the afternoon we offered a low cost vaccine and microchip clinic with free healthy pet exams provided by our wonderful Dr. Maas and trusty technician Juan. We saw many cute pooches and met their humans. Let's not forget about the entertaining hit song "Who let the Dogs Out" which was sung by one of our favorite clients, Jane Devlin with dog aerobics!

We also helped a little dog named Maggie who had her foot ran over that day, Maggie was very brave! Our big success of the day was finding a forever home for Farley, a cat we rescued outside our clinic last winter. He went to a great family and will be missed!

We want to give a huge thanks to Lisa, our Bend Veterinary Clinic receptionist, for coordinating our participation in this event and for making it happen! Also, we would like to thank Kim, with [DVM Resources](#), Vectra, [Heartgard®](#).

We are looking forward to next year, when the Third Annual [Oregon Pet Expo](#) 2010 is scheduled to be held. Hope to see you all there!!
